## Youth Feline Education Program

Congratulations to the Southwest Region youth participant on a successful show season. Her current successes are the foundation on which a very bright future will be built. The program as designed to let the young people of CFA determine their own path through various activities in hopes that they will find themselves in the

hobby they love and in life in general. All our kids have accomplished a great deal this year from showing their feline companion to helping shelters to promoting CFA in the most positive light to the general public.

The positive attitudes these children have exhibited all year have given us some great moments and wonderful memories to be shared with family, friends, and the cat fancy in general. The contributions made by each of them will be felt for years to come, it gives the program great pleasure to recognize the Southwest Regions youth and to announce that some of the youth will also be recognized at the Annual for National Awards.

Please join the program in congratulating the future of CFA on their accomplishments.
